CARTMEL AGRICULTURAL SOCIETY

Notes to Trade Stand Exhibitors – January 2020

1. All exhibitors, their contractors and employees whilst on the showground, shall be subject to the rules and regulations of the Society, as interpreted by the Society, and the stewards and officials appointed by them. A copy of the Health & Safety Policy available upon request.
2. The allocation of space is entirely at the discretion of the Society, no decisions will be made until after the closing date of 30 March 2020. Successful applicants will be initially notified via email.
3. The Society requires that the booking fee shall be enclosed with the application form. A minimum fee of £65.00 applies. If not accepted the fee will be returned.
4. Allocated admission passes and car passes are supplied by the Society, pro rata to the size of the trade space rented.
 - Stand costing up to £90.00 will receive two passes
 - Stand cost £91 - £130 will receive three passes
 - Stand cost £131 plus will receive four passes
 - Additional tickets maybe purchased to maximum of allocated passes.
5. There are no facilities for parking caravans before or during the show. If you bring a caravan it must be parked and paid for within your stand or removed to a local site. No caravans will be allowed on the Car Parks or other areas of the showground.
6. Vehicles carrying stock, or staff if not included within your application must be removed to the Main Car Park before 9.00am on show morning. There is **no** parking space behind trade stands.
7. The Society reserves the right to remove any exhibitor not adhering to the agreed description of goods/services on their application from the field. The Society reserve the right to request to see the standard of goods to be exhibited.
8. All privately owned equipment is the responsibility of the owner and no responsibility or liability will be taken by the society for damage to or theft of that equipment or those goods.(Security will patrol the site on the evening prior to the show, but should not be interpreted as the Society accepting any responsibility for any privately owned equipment.)
9. **HEALTH AND SAFETY - All appliances must have relevant certificates. A risk assessment must be carried out by all trade stands exhibitors.** This must be included with the application form. The individual, firm or body that utilises the pitch is liable for the safety of the public once they are upon the pitch. Erection of own marquee, please ensure the gazebo is fit for purpose in adverse weather conditions.
10. Trade stand holders must be fully conversant with current regulations relevant to their particular trade or occupation and carry any relevant documentation with regard to any equipment used by themselves or members of the general public.
11. Adequate fire extinguishing appliances suitable for the stand must be provided by the exhibitor.

The Society reserves the right to inspect exhibitor's stands, machinery and display's to ensure compliance with the above requirements.

Secretary; Mrs Sarah Dickinson 015395 62683 / secretary@cartmelshow.com

Cartmel Show 2020 *All exhibitors should provide their own risk assessment, if not please complete below:*

Using the guidelines shown below please consider what risks there are to those building up Stands and to members of the public during the show. Outline the steps you propose to take to minimise those risks in the table overleaf. Please copy this page if more space is required.

If in your opinion there are no risks please print **NO RISKS** and return the form.

Hazard	Who Might be harmed	Is more needed to control the risk
Look only for hazards which you could reasonably expect to result in significant harm under the conditions in your workplace. Use the following examples as a guide.	There is no need to list individuals by name – just think about groups of people doing similar work of who may be affected, e.g.	For the hazards listed, do the precautions already taken
Slipping/tripping hazards Chemicals (e.g battery acid) Moving parts of machinery (e.g Blades) Work at height – any height where a fall can cause injury eg steps/ladders etc. Pressure systems Vehicles (e.g. fork-lift trucks) Electricity Dust (e.g. from grinding) Fumes (e.g. from vehicle engines) Manual handling Noise Livestock on stand Lifting operation	Office Staff Maintenance Personnel Contractors People sharing your work place Operators Cleaners Members of the public Pay particular attention to:- Staff with disabilities Visitors Inexperienced staff Lone workers – they may be more vulnerable.	Meet the standards set by a legal requirement? Comply with a recognised industry standard? Represent good practice? Represent risk as far as reasonably practicable? Have you provided: Adequate information, instruction or training? Adequate systems or procedures? If so, then the risks are adequately controlled, but you need to indicate the precautions you have in place. Where the risk is not adequately controlled, indicate what more you need to do (the 'action list').
Fire hazard e.g. combustible materials (rubbish, flammable substances, LPG etc) and ignition sources (flames, smoking etc)	As above.	Means of escape; fire detection and alarms. Fire fighting equipment and fire evacuation plan.
